## Jesus the Servant Leader Discussion Question's:

In today's story (found in Mark 14) we learned about how Jesus washed the feet of His disciples. This was not a fun job! During Bible times feet were really dirty because of the dirt roads, all the animals, and the fact that they wore sandals. But Jesus was showing them what it meant to be a servant leader. The best leaders know how to serve others and put them before themselves. We also learned in the story that there was a disciple, Judas, who was planning to betray Jesus. Jesus knew this, because He knew everything! He is God after all. But we will talk more about this on Sunday morning! Lastly, we learned that Jesus had the last supper with his disciples. This was more than just a meal. This time was a time that He was showing them what was to come! He knew that He was going to die on the cross, but the disciples still did not understand. All these events were leading up to the time that Jesus would die on the cross. As we get closer to Easter, we will be learning more together about the events that lead up to the death, and the resurrection of Jesus!

Here are some questions to help you apply the story:

1. What does this story teach us about God?
2. What does this story teach us about people?
3. Is there something that keeps you from wanting to serve others?
4. How do you think God can help you learn to be a servant leader like Jesus?
